

HOW DOES EACH MODULE WORK?

GETTING IT DONE SERIES 6

I wanted to answer an important question that new 12wba'ers have. How does each module work?

In the coming weeks you will receive a new module on the release date. These dates are shown on the home page. You will not see all of the modules at once. We don't want you rushing ahead and not doing each important step. If you miss completing one module your foundations will not hold you up through later modules and it will make your success difficult and usually non-existent and we don't want that.

When you see the new module released simply watch the videos have a look at our done for you sheets, then complete the work sheets. Each module has audio and transcripts so you can receive the information the best way that suits you.

Comment in the comments section below each presentation and join the Facebook private group to get to know the 12wba'ers community. You will discover a whole world of other like-minded motivated positive people hanging out there.

I want you to continually implement the things you are learning into your business for example, we will complete your 12 month calendar of newsletter subjects and you will learn how to write a brilliant newsletter. So you simply implement that into your business for the coming months. In other modules you will discover who your ideal customer really is and this information will be used during later modules in Marketing and Communication, so don't skip over any modules even if you have thoughts of why you are doing certain work sheets. This program has been specifically designed and we don't do anything that is a waste of time or is not useful to the growth and success of your business.

You just need to keep doing each little step, stay positive and motivated and before you know it you will have made a massive change to your business and life.

I'm really excited to be working with you over the next 12 weeks and will talk soon!
